# **Admissions Policy**

Castles Education specialises in working with students aged between 7 and 19 years (KS2 to KS5) who are considered to have social, emotional, and mental health needs. Our students usually have an Educational, Health and Care Plan (EHCP). Referrals from schools are welcomed, particularly if a student is at the EHCP assessment stage, but primarily our interest comes directly from parents or direct LA/virtual school consultations. Each referral will be viewed and considered independently. Students are admitted at any time during the school academic year and will follow a full and balanced curriculum which reflects the needs and provisions stated in the EHCP.

We welcome students of all faiths, cultures, race, and family backgrounds and are non-discriminatory in line with the Equality Act (2010) and Equal Opportunities policy. We will not discriminate on grounds of; gender, age, religion or belief, physical ability, or disability, learning ability, other special needs or academic or sporting ability, race (including colour, nationality, ethnicity, family, cultural or linguistic background), sex, sexual orientation, gender reassignment, pregnancy, or maternity.

#### Admissions are based on:

- 1. Full and detailed information being supplied by the referring Local Authority or school, including an Educational, Health and Care Plan and supplementary documentation.
- 2. A visit by the student and parent/carer.
- 3. An agreed costings letter establishing funding the placement based on provision.
- 4. An admission meeting where an admissions pack is completed detailing information required for
- 5. safeguarding and information gathering purposes. This will also include home/school
- 6. agreements.
- 7. An initial risk assessment being completed based on information provided in the meetings. Some students will require a more in-depth risk assessment with the parent/referring person before a start date is given due to the level of risk detailed.

We are committed to ensuring that the Admissions Register is maintained in accordance with Education (Student Registration) (England) (Amendments) Regulations 2016. From the beginning of the first day on which it has been agreed that the student will attend, an entry will be made in the Admissions Register.

As an Independent School, the Executive Headteacher reserves the right to refuse entry if the school's structure does not meet the educational, pastoral or SEND needs of the student concerned.

To ensure the admissions process is efficient and robust, task pertinent to the process are recorded on a New Starter spreadsheet. A student will not receive a start date until the New Starter sheet is compiled and checked.

Castles Education will notify the appropriate Local Authority or school of a successful admission and provide them with terms and conditions. Contact will also be made with parents and other involved professionals.

### **ADMISSIONS PROCESS**

The admissions process is overseen by the Deputy Head for SEND. The timescales are variable due to the following factors:

- The referring body asks for a response before the 15-day deadline.
- The initial referral has not come from a direct consultation from the LA, and this then needs to be waited for.
- Contact information of parents/guardians from a redacted consultation takes time to come through from caseworkers/professionals.
- Funding and placement panels timescales differ from county to county.
- Transport provided directly from county can take longer than the placement agreement to be finalised.
